

April 15th, 2024

Weston FL

To Whom it may concern.

Please note that AlkaIP Telecom LLC stopped its termination services to the US in August 2022. AlkaIP Telecom LLC no longer offers Voice or SMS termination to the US and its territories. We have decided to exit this market while we continue to search for a solution that is both approved by the FCC and that can block all fraudulent calls and messages. We value the end user's security and feel that this is the responsible way to proceed while the right solution is available to us.

Sincerely

A handwritten signature in black ink, appearing to read "David Baena", written over a horizontal line.

David Baena

CEO
