Robocall Mitigation Plan

Updated September 4, 2025

Company Name: Salsgiver Telecom, Inc

Company Address 301 5th Street, Freeport, PA 16229

Company Phone #: 724-295-1970

Pursuant to 47 C.F.R. § 64.6305, Salsgiver Telecom, Inc submits this robocall mitigation plan detailing the status of Salsgiver Telecom, Inc's caller ID authentication implementation, its affirmative, effective measures to prevent new and renewing customers from using its network to originate illegal calls and to avoid carrying or processing illegal traffic on its network, and its commitment to respond to all traceback requests as required by the FCC's rules.

Caller ID Authentication

As of September 2025, Salsgiver Telecom, Inc's network is all IP and calls originated on the network are authenticated under the STIR/SHAKEN caller ID authentication framework.

Robocall Mitigation Practices

Salsgiver Telecom, Inc takes reasonable steps to prevent unlawful robocalls from originating on its network and has implemented the following robocall mitigation practices to prevent unlawful robocall traffic on its network.

Know Your Customer and Know Your Upstream Provider

Prior to installing services for new or renewing customers, Salsgiver Telecom, Inc confirms the following information for its customers:

- Customer's identity
- Service Address
- Type of business

Salsgiver Telecom, Inc does not sell services to customers who do large outbound call campaigns.

Salsgiver Telecom, Inc has enforceable terms of use and/or acceptable use policies noted in its contracts. These policies define the circumstances in which the Company will deny, suspend, or terminate service to a customer.

Salsgiver Telecom, Inc utilizes a small number of carefully vetted, well-established, reputable upstream providers. It understands their business models, the type of traffic they send on our network, and their vested financial interest in preventing robocalling from traversing their networks.

Network Monitoring

Salsgiver Telecom, Inc has methods and procedures in place to monitor its network and detect/prevent fraudulent activity. The Company monitors its network's daily usage to detect atypical call patterns. If questionable activity is detected, Salsgiver Telecom, Inc requires its customer to remedy the problem, and Salsgiver Telecom, Inc may suspend and/or terminate the customers' service as warranted. Salsgiver Telecom, Inc does not rely on third-party analytics.

Traceback Requests

Salsgiver Telecom, Inc commits to respond fully and within 24 hours to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate, carry, or process illegal robocalls.

Salsgiver Telecom, Inc has designated an individual as a dedicated point of contact for addressing traceback requests. It either has provided the ITG with the contact information and business hours for that individual, or will do so upon receipt of the first request from the ITG.

Salsgiver Telecom, Inc will cooperate with state and federal regulators to prevent any and all illegal robocalls. Requests from a valid agency should be submitted in writing and include the following information:

Law Enforcement Agency Name:
Agency Address:
Requestor's Name: Requestor's Title:
Requestor's phone number:
Requestor's e-mail:

The following is contact information to report suspected robocalling activity to Salsgiver Telecom, Inc: 724 295 0133 and voip@salsgiver.com.
