Blountsville Telephone LLC
Trumansburg Telephone Company, Inc.
Ontario Telephone Company, Inc.
Finger Lakes Communication Group Inc.
Netspeed Management, Inc.

Brindlee Mountain Telephone LLC qualifies for the continuing extension of the STIR/SHAKEN implementation deadline as small voice service providers (§64.6304 (a)(2)) that have non-IP portions within their networks §64.6304(d).

Brindlee Mountain Telephone LLC provides local service to fewer than 100,000 voice subscriber lines.

As required to meet the non-IP network criteria for the continuing extension and consistent with §64.6303 (a)(2), Brindlee Mountain Telephone LLC is a member of NTCA and NTCA participates on the ATIS Non-IP taskforce working group which is working to develop non-IP caller ID authentication solutions. NTCA is serving as Brindlee Mountain Telephone LLC's third-party representative on the ATIS Non-IP taskforce working group.

Brindlee Mountain Telephone LLC also originates calls via SIP connections within its networks. Brindlee Mountain Telephone LLC has registered with the Policy Administrator and is an authorized service provider in the STIR/SHAKEN ecosystem. Brindlee Mountain Telephone LLC has implemented STIR/SHAKEN within its network and signs the calls originating on the IP portions of Brindlee Mountain Telephone LLC's network.

ROBOCALL MITIGATION PLAN

All voice traffic that originates on Brindlee Mountain Telephone LLC's network is subject to the following Robocall Mitigation Plan.

Brindlee Mountain Telephone LLC has contracted with Equinix to provide robocall analytics and reputation scoring of the network's outbound traffic. Equinix uses software to monitor outbound voice traffic using call detail records in 15-minute to 6-hour intervals (depending on the switch) and will send detailed reporting identifying if the network originates any calls where the calling number is invalid, unallocated, or is otherwise suspicious. If suspicious activity is detected, Equinix will send an alert to Brindlee Mountain Telephone LLC's Network Operations Center (NOC).

Call Analytics & Investigation

Brindlee Mountain Telephone LLC investigates calls identified by Equinix as suspicious calls or those that have abnormal call volumes, patterns or activity consistent with illegal robocalls. When Equinix sends an alert to the NOC an employee will evaluate the report to determine if traffic is legitimate or not. If the traffic appears suspicious, the employee will contact the customer. If the traffic is not legitimate, the employee will block the customer's access.

Enforcement

Illegal robocalls and fraudulent spoofing are prohibited on Brindlee Mountain Telephone LLC's network. If it is determined that a customer of Brindlee Mountain Telephone LLC is using the network to fraudulently spoof calls or to originate illegal robocalls, Brindlee Mountain Telephone LLC will either warn the customer to stop such practices and/or terminate their service as allowed per Brindlee Mountain Telephone LLC's terms of service or tariffs.

Know Your Customer

Brindlee Mountain Telephone LLC has procedures in place to prevent new and renewing customers from using the network to originate illegal robocalls. Brindlee Mountain Telephone LLC thoroughly vets new residential and business customers by asking personally identifiable questions for additional security on each account before activating new service or making changes to existing services. Residential customers are asked to provide their full name, address (physical and mailing, if different), last four digits of their social security number, date of birth, phone

number, and email as well as establish a security question and a password. Business customers are asked to provide their full name, address (physical and mailing, if different), tax identification number, phone number, and email, as well as establish a security question and a password. To initiate an account change, a customer must provide their password or the answer to their security question prior to initiating a change. If the customer is unable to provide that information, the customer service representative will call the customer back using the number they provided at account setup.

In addition, all end users agree to terms and conditions of service that prohibit use of Brindlee Mountain Telephone LLC's network for fraudulent or illegal purposes. If end users are found in violation of the terms of service, the end user's service may be suspended or terminated after an investigation.

Know Your Upstream Providers

Brindlee Mountain Telephone LLC knows all the carriers from which it receives traffic and has confirmed that all of the carriers are listed in the Robocall Mitigation Database. Brindlee Mountain Telephone LLC has also reviewed the connected carriers' robocall mitigation plans to learn how the carriers monitor their originating traffic to mitigate illegal robocalls. Brindlee Mountain Telephone LLC does not directly receive traffic from any foreign originating or intermediate provider. No provider is using Brindlee Mountain Telephone LLC's network to carry or process a high volume of illegal traffic onto the U.S. network. In addition, Brindlee Mountain Telephone LLC is now incorporating traceback and prohibited traffic language in all new contractual agreements with upstream carriers.

Role In the Call Chain

Brindlee Mountain Telephone LLC is a voice service provider with a STIR/SHAKEN implementation obligation on the IP-Portions of their networks. Brindlee Mountain Telephone LLC is also a voice service provider without a STIR/SHAKEN obligation on the Non-IP portions of their networks because those portions of the Brindlee Mountain Telephone LLC's network rely on technology that cannot initiate, maintain, carry, process, and terminate SIP calls.

Traceback

Brindlee Mountain Telephone LLC will respond to traceback requests from the Commission, civil and criminal law enforcement, and the industry traceback consortium fully and within twenty-four (24) hours.

Robocall Mitigation Database Eligibility

Brindlee Mountain Telephone LLC has not been involved in any recent, formal law enforcement or regulatory investigation into suspected unlawful robocalling.

Brindlee Mountain Telephone LLC has not been prohibited from filing in the Robocall Mitigation Database (RMD).
