

Robocall Mitigation Plan

1. Orange County REMC/Orange County Fiber has implemented STIR/SHAKEN and will respond to all traceback requests from the Federal Communications Commission, law enforcement and the industry traceback consortium and to cooperate with such entities in investigating and stopping any illegal robocalls from using its services to original calls. All voice traffic that originates on our network is subject to this robocall mitigation program.
2. Orange County REMC/Orange County Fiber controls the configuration of inbound and outbound routes to prevent number spoofing.
3. Orange County REMC/Orange County Fiber limits the connections to prevent autodialing and other robocall technology from utilizing our services. Our systems provide insight if a customer is exceeding reasonable utilization so that we can restrict unauthorized use.
4. Orange County REMC/Orange County Fiber screens all customers and have in-depth knowledge of the business utilization of their phone system to prevent unauthorized use. This always involved a conversation between someone at Orange County REMC/Orange County Fiber and someone at the business. In this way, we verify customers are who they say they are. Our terms of service prohibit its use for fraudulent activity and prohibit any resale of our services. Any customer that is determined to have violated the terms of service will have their account terminated.
5. Orange County REMC/Orange County Fiber systems provide inbound number blocking capability. Our systems are configured to automatically block certain types of robocalls. They also provide tools for customers to report and block any calls that get through.
6. Orange County REMC/Orange County Fiber only accepts off network traffic for termination from third party carriers that are in the Robocall Mitigation Database.
7. Orange County REMC/Orange County Fiber has four upstream providers from which it receives voice traffic:

Commio	VOIP Innovations	Vitelity	Momentum TeleCom
PO Box 123208	PO Box 5047	PO Box 952151	29363 Network Place
Dallas, TX 75312	Greensburg, PA 15601	Dallas, TX 75395	Chicago, IL 60673
919.890.0000	877.478.6471	888.898.4835	877.440.1989

If there are any questions or concerns regarding this plan, please contact Orange County REMC/Orange County Fiber.
