

Kentec Communications, Inc.

710 West Main Street

Sterling, CO 80751

Phone: (970) 522-8107

<http://www.kci.net/>

We are in the process of implementing authentication now, and hope to be complete by the September 28, 2021 deadline.

Currently, all calls we receive are from either

- Directly connected customers / endpoints that we can verify
- Partner companies that should also be compliant

Again, by the deadline, we should be fully compliant, verifying all call info from our directly connected customers, and rejecting calls from any partners that do not attest to being fully compliant.

Thank you,

Dave Logan
Director of Network Operations
Kentec Communications, Inc.
