

Alliance Phones Inc

Robocall Mitigation Database

1. Alliance Phones is a Small Service Provider, serving fewer than 100,000 voice service subscriber lines and therefore qualifies for an extension until June 30, 2023 of STIR SHAKEN Implementation under 47 C.F.R. §64.6304(a), which reads:
§64.6304 Extension of implementation deadline.
(a) Small voice service providers. (1) Small voice service providers are exempt from the requirements of §64.6301 through June 30, 2023.
(2) For purposes of this paragraph (a), “small voice service provider” means a provider that has 100,000 or fewer voice service subscriber lines (counting the total of all business and residential fixed subscriber lines and mobile phones and aggregated over all of the provider's affiliates).
2. Alliance Phones Inc commits to respond quickly to all trace back requests coming from upstream carriers, the Commission, law enforcement and other types of industry trace back initiatives to investigate and stop illegal robocalls that use its services to originate calls.
3. Alliance Phones Inc has taken the following steps to detect originating robocall traffic:

3.1 Alliance Phones Inc has implemented a Session Border Controller that monitors the outgoing traffic. Any traffic with specific predefined parameters of suspected robocall traffic gets flagged. Alliance Phones Inc has also implemented outbound DIP procedure as suggested by upstream carriers.
4. Alliance Phones Inc has taken the following steps to prevent illegal originating robocall traffic:
4.1 Procedures and reports to confirm indemnity of new commercial VoIP customers by collecting information such as physical address, contact person, state of incorporation, federal tax id and general nature of the customer business.
5. Alliance Phones will notify customers of detection of illegal activation and multiple violations will result in service suspension.
