Subj: Fourth amendment to Robocalls Mitigation Program for 7G Network

This letter is the fourth amendment to the August 8, 2024 letter explaining 7G network, Inc. ("7G") procedures for Robocall Mitigation Program. 7G continues to monitor all complaints and take immediate action with any customer associated with a fraudulent complaint. 7G Network has implemented call screening with the DNO (Do Not Originate) Database. 7G is compliant with complete STIR/SHAKEN implementation for active SBC's (6). 7G company code from NECA is listed below:

| <u>Company Code</u> | <u>Company Name</u> | <u>Category</u>       |
|---------------------|---------------------|-----------------------|
| 986K                | 7G Network, inc.    | Interexchange Carrier |

Ed Smart, EVP of Operations, remains the primary contact for the Robocalls Mitigation Database. His contact number is 805-657-4444 or [esmart@7gnetwork.net](mailto:esmart@7gnetwork.net).

Sincerely,

A handwritten signature in black ink that reads 'Ron Kramer'.
