San Antonio, TX 78217
D/B/A World Net
(210) 226-6666

April 26, 2024

FCC ID : 0031295116

World Net is a small business based out of San Antonio, TX since 1996. We support some of our local businesses with a FreePBX Server solution (Sangoma) utilizing VoIP Innovations (Sangoma) trunks. Sangoma, as our service provider, digitally signs all of our outbound trunk traffic within the Stir/Shaken FCC guidelines. In addition, we are registered and compliant with Robocall Database and with USAC, for which we pay our fees through Sangoma every month.

We fully pledge our commitment to respond within 24 hours to ALL traceback requests from the Commission, law enforcement, and the industry traceback consortium and to fully cooperate with such entities investigating and stopping any illegal robocallers that use our service(s).

As of this filing, as a matter of strict policy - we do not allow call centers or digital-only providers (voice or SMS) to utilize our services. To date, we have received no complaints of 'robocall' type service nor have we been approached by any law enforcement agency or otherwise for any assistance regarding our voice traffic.

All of our servers keep strict and diligent logs of outbound traffic, which is also tracked and digitally signed within the STIR/Shaken guidelines of the FCC by Sangoma, Inc.

About Sangoma – our provider :

Sangoma is a leading global Communications as a Service (CaaS) provider that empowers businesses of all sizes to connect to the people and processes that matter. Sangoma Technologies Corporation is publicly traded on the Toronto Stock Exchange under the symbol "STC" and on NASDAQ under the trading symbol 'SANG" (TSX: STC; NASDAQ: SANG).
