

To Whom It May Concern,

Snake River Solutions, LLC commits to respond to all traceback requests from the Federal Communications Commission, law enforcement, and the industry traceback consortium, and will cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls, and that all of the voice traffic that originates on its network is authenticated with STIR/SHAKEN, and that all of the voice traffic that originates on its network is subject to a robocall mitigation program.

Snake River Solutions relies on a combination of strict firewall rules on provisioning servers with isolation down by IP segments where applicable, and has strict rules on our upstream carrier limiting the number of channels, minutes and connections to notify our network operations immediately if there is any sudden, concerning traffic.

Thank you for your cooperation,

Kameron Blomquist
CEO
