Re: Robocall Mitigation Policy of SMITCOMS, INC.

Dear Ms. Dortch:

On behalf of SMITCOMS and its affiliated companies, I am pleased to provide this information about the company's efforts and tools it utilizes to help protect consumers and minimize illegal or unwanted calls. Pursuant to Sections 0.457 and 0.459 of the Commission's rules, 47 CFR § 0.457 and § 0.459, respectively, SMITCOMS hereby requests confidential treatment of matters filed herewith. A separate request to this effect has been filed in WC Docket No. 17-87 and, consistent with instructions contained in DC 21-454, SMITCOMS will upload redacted and unredacted versions of this policy statement.

Ensuring Network Reliability and Integrity

Standing Commitment and Conclusion

SMITCOMS is committed to protecting our customers and providing a superior customer experience. We understand the quality of our service is directly related to customer experience on our network. Illegal and unwanted calls are not only a nuisance, they also infringe on the security of our network and tend to negatively affect customer experience. In commending the FCC for its efforts to combat this growing problem, SMITCOMS wishes to ensure that it is committed to doing its part to guard against unwanted or illegal calls originating on its network.

Respectfully submitted,

Eldert Louisa
Acting Managing Director
