

Titan International Wholesale, Inc.
Robocall Mitigation Program

Pursuant to the rules of the Federal Communications Commission, including 47 CFR Section 64.6305 (Robocall Mitigation and Certification), Titan International Wholesale, Inc. has implemented the following Robocall Mitigation Program:

Preventing Illegal Traffic

Titan International Wholesale, Inc. is committed to compliance with the Telephone Customer Protection Act (TCPA), the TRACED Act (Telephone Robocall Abuse Criminal Enforcement and Deterrence) and the rules of the Federal Communications Commission pertaining to the prevention of illegal robocalling, fraudulent calling and other illegal use of its network. To that end, Titan International Wholesale, Inc. requires each customer to provide information that enables Titan International Wholesale, Inc. to “know its customers” and properly conduct the necessary due diligence to comply with the law and protect its network.

Due Diligence

Titan International Wholesale, Inc. conducts due diligence with respect to each customer, both those existing prior to the date of this Robocall Mitigation Program and new customers, that is designed to ensure the customer will not originate illegal robocall traffic, or other illegal traffic, and includes:

- The proper formation and good standing of the customer entity, including whether it is foreign or domestic
- A description of the customer’s business, including whether the customer uses any auto-dialing technology
- The physical location of the customer’s business
- A review of the customer’s website and mainstream social media accounts
- Obtaining the customer’s current and prior IP addresses for review, including whether they are foreign
- Determining the customer’s ownership and management, and
- Ascertaining whether there is any litigation pertaining to the customer or its principals.

Wholesale Customers

Titan International Wholesale, Inc. does not terminate traffic to the United States. If it later decides to accept traffic for termination to the United States, it will only accept traffic for such termination from carrier customers (if any) that have an active registration in the Robocall Mitigation Database, and in such case Titan International Wholesale, Inc. will review the customer’s Robocall Mitigation Program on file with the FCC.

For any such wholesale customers, Titan International Wholesale, Inc. will also investigate:

- Whether the customer has been determined by US Telecom's Industry Traceback Group to be a "Non-Cooperative Voice Service Provider"
- Whether the customer has been blocked from another voice service provider's network after being determined to have violated laws or regulations pertaining to illegal robocalling, fraudulent calling, illegal telemarketing practices or otherwise has been determined to be a "bad-actor upstream voice service provider"
- Whether the customer has implemented the STIR/SHAKEN Authentication Framework
- Obtaining assurance that the wholesale customer will promptly provide the identity of its customer or end user that was the source of reportedly illegal call traffic that the customer routed to Titan International Wholesale, Inc.
- Whether the customer is registered with the Universal Service Administrative Company and has obtained a Form 499 Filer ID.

Autodialed Call Traffic

For any customer that Titan International Wholesale, Inc. determines will transit autodialed call traffic, Titan International Wholesale, Inc. will not receive any call traffic from such customer until the customer assures Titan International Wholesale, Inc. it has taken reasonable steps to screen the legitimacy of the proposed autodialed call traffic, including, without limitation, obtaining, verifying and providing to Titan International Wholesale, Inc. the following:

- the name, point of contact and contact information for the entity on whose behalf the originating caller is proposing to make the autodialed calls
- a description and sample recording or transcript (in English) of the proposed autodialed calls
- a list of the proposed ANIs to be autodialed
- the originating caller's subscription number to the Federal Do-Not-Call Database and any applicable state Do-Not-Call Databases
- a statement as to whether the originating caller would be undertaking the proposed calls with the consent of the proposed autodialed call recipients and, if so, a description and sample evidence of how such consent was obtained
- the proposed calls per second for the relevant autodialed call campaign
- the proposed dates of the relevant autodialed call campaign.

Traceback Requests

Titan International Wholesale, Inc. commits to respond within 24 hours to all traceback requests from the Federal Communications Commission, law enforcement and the industry

traceback consortium and to cooperate with such entities in investigating and stopping any illegal robocallers from using its services to originate calls.

STIR/SHAKEN Implementation

Titan International Wholesale, Inc. does not main implementation of the STIR/SHAKEN framework at this time because it does not terminate calls into the United States. If it later decides to accept US-bound calls for termination, it will maintain full implementation of the STIR/SHAKEN framework and assign attestation levels on all calls from its network intended for termination into the United States, in accordance with industry best practices.

Call Blocking and Analytics

Titan International Wholesale, Inc. will block services to a customer if it determines that the customer is using the services for illegal robocalling.

Titan International Wholesale, Inc. uses no internal analytic systems, software or third-party vendors at this time to identify and block illegal robocall traffic. Its wholesale provider may employ such systems.
