Robocall Mitigation Database Federal Communications Commission Washington, D.C.
Subject: Attestation of Robocall Mitigation Compliance – TXM Telecom Solutions LLC.

To Whom It May Concern:

This letter serves as a formal attestation that TXM Telecom Solutions LLC, Filer ID: 831837 OCN -169K Category IPES is fully compliant with all applicable robocall mitigation requirements as mandated by the Federal Communications Commission (FCC) and the TRACED Act.

TXM Telecom Solutions LLC has implemented and maintains reasonable robocall mitigation practices, including but not limited to:

- Implementation of STIR/SHAKEN authentication for all eligible traffic.
- Monitoring and analysis of call traffic patterns to identify and prevent illegal robocalls.
- Utilization of call blocking and filtering technologies.
- Adherence to industry best practices and guidelines for call origination.
- Maintenance of accurate caller identification information.
- Implementation of internal procedures to address and resolve any detected robocalling activity.
- Prompt response to traceback requests.

We are committed to actively preventing the origination of illegal robocalls on our network and to cooperating fully with the FCC and other industry stakeholders in combating this issue.

I, Victor J. Plata Mazzotti,
Managing Director of TXM Telecom Solutions LLC,
hereby certify that the information provided in this attestation is true, accurate, and complete to the best of my knowledge.

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized loop followed by a horizontal stroke and a short vertical stroke at the end.

Victor J. Plata Mazzotti
Managing Director
TXM Telecom Solutions LLC
