

To, FCC
Robocall Mitigation Programme

Respected Sir / Madam,

We are Malaysia registered VoIP service provider and we are declaring this that we will cooperate with the authority for any robocall / spoofing traffic. We are in the process of initiating an undertaking from customers for no robocall / spoofing traffic origination.

We are also taking services from operators and service provider who have already implemented the STIR/ SHAKEN or in the process of implementing the same. Also operators already have their own anti fraud system which blocks suspicious traffic thru their network.

For, Voip2Internet

A handwritten signature in black ink, appearing to be "Usman Butt", written over a faint circular stamp.
