

TRING NETWORK ROBOCALL MITIGATION PLAN

STIR/SHAKEN Extensions

TRING NETWORK is a small provider with very less client base dialing to USA.

TRACEBACK

TRING NETWORK commits to provide all information requested from traceback groups, FCC, Law enforcement.

ROBOCALL MITIGATION STEPS TAKEN

- 1) We will keep CDRs for 1 year
- 2) We will have full contact details of the customer like company name, person name, address, telephone etc.
- 3) We will monitor and block robocalls and originating customer.
- 4) We will only allow passing of customer caller IDs which they have bought from authorized providers.
- 5) We will block calls coming from invalid NPANXX caller ID.
- 6) If we receive any information from our provider or our monitoring system regarding any fraudulent call, we will immediately block customer account.

Thank You

TRING NETWORK
