RE: **Robocall Mitigation**

To Whom It May Concern:

TransWorld Network, Corp. ("TransWorld") hereby commits to respond to all traceback requests from the Federal Communications Commission, law enforcement, and the industry traceback consortium, and will cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls.

TransWorld utilizes Alianza as its underlying voice service provider and therefore relies in part on procedures and policies implemented by Alianza to ensure that that all consumers of TransWorld are protected against both robocall and spoofing activities.

On behalf of TransWorld, Alianza currently authenticates voice traffic using their STIR/SHAKEN solution.
