

3/29/2024

From the desk of Marcin Groszek, sole MBR of VoipPlus LLC.

Re.: Robocall Mitigation Program Description

To whom it may concern.

VoipPlus LLC mitigates robocalls by constant monitoring the metadata of outbound traffic, length of calls and investigate every complaint that my arrived.

As to inbound calls VoipPlus LLC relays on stir/shaken signatures, inbound provider RCM tags and internal database.

Regards:

Marcin Groszek
