

Robocall Mitigation for Logicom USA

Logicom USA falls under the [§ 64.6301](#) section of “small voice service providers” and is not obligated to conform with “Complete” or “Partial” STIR/SHAKEN implementations.

Logicom USA is a small ITSP reseller and has close relation with its customers making any abnormal or illegal activity something that would be difficult to be able to go on undetected.

Logicom USA will make all attempts to comply with legal request for any suspected calls.
