PDF FOR ROBOCALL MITIGATION DATABASE

This PDF contains the specific reasonable steps Sierra Experts has taken to avoid originating illegal robocall traffic as part of its robocall mitigation program.

Among the steps taken by Sierra Experts to avoid illegal traffic are following:

1. Sierra Experts enters into a formal contract with each of its customers.
2. The contracts set forth the prohibition to customers to use the services for any illegal purpose.
3. The contracts set forth the right of MCM Telecom to suspend or block the services if a customer uses the services illegally.
