Robocall Mitigation Plan

We are a reseller of Momentum Telecom, Inc. (RMD0001712) Wholesale VoIP and do not have the capability to implement STIR/SHAKEN. Our partner provider has implemented STIR/SHAKEN protocols in their IP Voice networks.

We have not been prohibited from filing a certification in the Robocall Mitigation Database.

Anza Electric Cooperative, Inc, nor any of our executives or principals have a history of enforcement actions for illegal robocalls, TCPA or TSR violations or related state law violations.

We use the affirmative and effective measures detailed below to prevent the origination or transit of illegal robocalls.

Know Your Customer

We follow the best practices for vetting caller identity described by the NANC Call Authentication Trust Anchor Working Group. (<https://docs.fcc.gov/public/attachments/DOC-367133A1.pdf>)

Traceback

We respond within 24 hours to all traceback requests from the Commission, law enforcement, and the registered traceback consortium and cooperate with such entities in investigating and stopping any illegal robocallers that use our service to originate calls.
