

Advantage Telephone Communications LLC

ROBOCALL MITIGATION PLAN

Advantage Telephone Communications LLC is committed to cooperating with the Federal Communications Commission (FCC) in preventing and mitigating illegal robocalls. This statement describes the measures the Company has implemented to comply with applicable FCC robocall mitigation requirements.

Advantage Telephone Communications LLC is an originating voice service provider that delivers voice traffic to the Public Switched Telephone Network (PSTN). The Company utilizes a third-party authentication partner to implement STIR/SHAKEN authentication for outbound traffic.

In compliance with 47 CFR §64.6305, Advantage Telephone Communications LLC maintains a robocall mitigation program reasonably designed to prevent unlawful robocalls. The program includes customer due diligence procedures, traffic monitoring, prompt response to traceback requests, and suspension or termination of customers engaged in illegal robocalling.

Know Your Customer (KYC)

The Company follows a structured onboarding process to verify the identity and legitimacy of its customers. This process includes background screening, credit review, business verification, and manual validation procedures prior to activating service.

Traceback Cooperation

The Company commits to fully cooperating with the FCC, authorized traceback consortiums, and law enforcement agencies. The Company responds to all traceback requests within 24 hours and takes appropriate action to investigate and mitigate any suspected illegal traffic.

STIR/SHAKEN Compliance

Advantage Telephone Communications LLC implements STIR/SHAKEN authentication through a third-party authentication partner in accordance with FCC requirements. The authentication partner is responsible for signing outbound calls with appropriate attestation levels.

Third-Party Authentication Partner:

1. Company Name: Telonium
Mailing Address: PO Box 675341, Marietta, GA 30006
Phone Number: 404-566-8888
Email: frank@telonium.com

Traffic Monitoring and Enforcement

The Company reserves the right to refuse or block traffic from any party where illegal robocalling, spoofing, or use of unauthorized or invalid originating numbers is detected or suspected. The Company may block originating numbers, terminating numbers, trunks, or suspend or terminate customer accounts to prevent unlawful traffic from transiting its network.

Do-Not-Originate (DNO) List Compliance

The Company complies with 47 CFR § 64.1200(o) by maintaining and implementing a reasonable Do-Not-Originate (DNO) list and blocking calls that purport to originate from numbers included on that list. The Company's DNO list may include, but is not limited to, invalid, unallocated, or unused numbers; numbers for which a subscriber has requested blocking of outbound calls; inbound-only numbers; government or enterprise numbers identified as not used for outbound calling; and other numbers identified through industry traceback efforts or credible intelligence sources. The Company regularly updates its DNO list and maintains internal records documenting the sources, implementation, and ongoing monitoring of its DNO blocking procedures.

The Company maintains internal policies and procedures to ensure continued compliance with FCC robocall mitigation requirements and will update its mitigation plan as necessary to reflect regulatory changes and operational enhancements.
