

Centrea CV- Robocall mitigation program

27-09-2021

In order to comply with the robocall mitigation program we perform the below.

KYC

We ask every new customer identification data during the signup process and forbid the customer to send any Robocalls to US-numbers.

Anti Robocall monitoring

Our monitoring system detects real-time number of calls/minute and /hour to US destinations and alerts us when configured limits reached.
