

February 27, 2026

Cirion St. Croix, Inc., (“Cirion”) has implemented STIR/SHAKEN.

Cirion will respond fully and in a timely manner to all traceback requests from the Federal Communications Commission (“FCC”) and other regulatory agencies, law enforcement, and the U.S. industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls. Cirion will cooperate with government and law enforcement to investigate and stop illegal robocallers that use its service to originate calls.

Cirion has implemented the robocall mitigation measures below:

1. Tracking of invalid numbers;
2. Tracking of same origin and destination number or same area code, especially within the United States;
3. Identifying potentially fraudulent destinations; and
4. Scrutinize and profile unusually short calls lasting approximately 30 seconds or less (currently not operational but in development).
