RE: Robocall Mitigating Database

Subject to 47 CFR § 64.6304 (a) – TCC certifies that it is a small service provider with less than 100,000 voice subscribers.

STIR/SHAKEN Implementation –

TCC recognizes its limited scope to fully implement STIR/SHAKEN but it is committed to welcome robocall mitigation programs to upgrade TCC's eligibility to carry out the abovementioned authentication framework, preferably by the extended deadline as per 47 CFR § 64.6304 (a).
