

GKG.NET, Inc.

Robocall Mitigation Plan

Background

The FCC Order lists three affirmative obligations for voice service providers: (1) Respond to traceback requests from the Commission, civil and criminal law enforcement, or the Industry Traceback Consortium; (2) Take steps to effectively mitigate illegal traffic when it receives notification of such traffic from the Commission through its enforcement bureau; and (3) implement effective measures to prevent new and current customers from using its network to originate illegal calls.

1. Traceback

GKG.NET, Inc. will comply with all traceback requests from the Federal Communications Commission, all law enforcement agencies, and the Industry Traceback Consortium. Granade, Inc. agrees to cooperate in investigation and blocking all illegal robocallers that may attempt to use its service to originate calls.

Traceback Contact Information

Name	Title	Contact Information
Paul Marvin	CEO	(979)599-5999 paul@gkg.net

2. Know Your Customer

GKG.NET, Inc. follows the best practices for vetting caller identity described by the NANC Call Authentication Trust Anchor Working Group. (<https://docs.fcc.gov/public/attachments/DOC-367133A1.pdf>)

3. STIR/SHAKEN IMPLEMENTATION EXTENSION

GKG.NET, Inc. is a service provider with fewer than 100,000 subscribers. Thus, GKG.NET, Inc. is eligible for an extension of the requirements in Section 64.6301 until June 30, 2023. All the voice traffic that originates on the Company's network is subject to the robocall mitigation plan described below:

CONCLUSION

GKG.NET, Inc. submits this robocall mitigation plan to comply with the Federal Communications Commission's Fourth Report and Order (FCC 20-187). This plan is a work in progress and will be supplemented as the company gains more exposure to and experience with these processes.
