

Netwurx, LLC

Robocall Mitigation

Policy and Plan

Netwurx, LLC (hereinafter, “Netwurx”) provides voice services under 100,000 subscribers, per the definition of “Small voice service provider” CFR 47 § 64.6304(a)(1)(iii) (CFR United States Code of Federal Regulations <https://www.ecfr.gov>). As such, Netwurx plan for compliance for the Federal Communications Commission's Robocall Mitigation Database (hereinafter, “RMD”), the Secure Telephone Identity Revisited (hereinafter “STIR”) and Signature-based Handling of Asserted Information using toKENs (hereinafter “SHAKEN”) as defined by RMD per CFR 47 § 64.6300 (j) and STIR/SHAKEN per CFR 47 § 64.6300 (m) respectively.

Netwurx takes the following steps to be compliant with these programs:

- 1)Netwurx only allows calls to originate from trusted end user devices. These devices are owned, maintained, and configured by Netwurx staff. End users are not given access to modify caller ID information on any of these devices.
- 2)Netwurx collects/accounts for SIP calls originated on our voice servers.
- 3)All SIP credentials are never shared with end users to limit our voice clients to only be able to originate calls from assigned devices.

Netwurx attests that it does provide voice service per 47 CFR § 64.6300(o) to end users via Session Initiation Protocol (hereinafter “SIP) 47 CFR § 64.6300(k) which Netwurx authenticates the accuracy of the end user per 47 CFR § 64.6300(a) by managing the service from customer sites of issued equipment provided to the end user for phone service by Netwurx; to connect voice service on our network to Netwurx's SIP servers; to pass the call to our upstream provider, which ever provider is being utilized at the time.

Netwurx has made one filing with the FCC for compliance for RMD. Netwurx is in the process of becoming STIR/SHAKEN compliant as much as required under the current FCC guidelines and rulings per law. Netwurx does not maintain any non-IP telephone networks, POTS equipment or older switching equipment.

Netwurx is committed to RMD compliance and withing 24 hours upon request from and verified source from the Commission, law enforcement or any industry traceback consortium per 47 CFR 64.605(a)(1) & 47 CFR 64.605(a)(2) will provide such entities the requested information.
