FCC
Robocall Mitigation Program

Re: Certification for FRN 0031447154, EIN: 16-1488763

To Whom It May Concern:

On behalf of Sam Asher Computing Services, Inc. (d.b.a. Asher Group, d.b.a. Hyper-Reach, "Asher"), I certify that Asher commits to respond to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use Asher's service to originate calls, and that none of the voice traffic that originates on its network is authenticated with STIR/SHAKEN, and that all of the voice traffic that originates on its network is subject to a robocall mitigation program.

Asher also certifies that these specific reasonable steps have been taken to avoid originating illegal robocall traffic as part of its robocall mitigation program. Asher has no extension or extensions it received under 47 CFR § 64.6304.

Nature of Business

Asher provides mass emergency notification services to public safety organizations throughout the United States of America under the registered trademark Hyper-Reach™. Customers are typically 9-1-1 centers, police, sheriff, and fire departments. Asher also provides emergency notification services to for-profit and not-for-profit entities. Each entity is screened before being allowed to use the system. Only call back numbers owned or controlled by Asher are permitted when performing an emergency notification campaign. Users only have access to the system via a password protected log in.

Our web site for emergency notification services is <http://www.hyper-reach.com>

Our company web site is <http://www.ashergroup.com>
