

Pexip uses limited outbound dialing for internal use only.

For these capabilities we rely on our partner Bandwidth/Voxbone who has implemented the following for STIR/SHAKEN

Please see the following article for details on their implementation -

<https://support.bandwidth.com/hc/en-us/articles/360025664313-What-is-STIR-SHAKEN-and-how-does-it-impact-robocalling->
