Robocall Mitigation Plan

Company Name: Biz-Net Services, Inc.
Company Address 202 W McCart St Ste 200 Krum TX 76249
Company Phone #: 214-206-3326

Pursuant to 47 C.F.R. § 64.6305, Biz-Net Services, Inc. submits this report on its implementation of the STIR/SHAKEN call authentication framework and its plan to prevent and mitigate illegal robocalls. This report describes the status of its implementation of STIR/SHAKEN and the practices and procedures Biz-Net Services, Inc. has in place to mitigate illegal robocalls as of April 23, 2024. Biz-Net Services, Inc. may modify, add, delete, or otherwise alter any of the policies and procedures described in the plan at any time to respond to changes in its business, its capabilities, and its needs.

As of April 23, 2024., Biz-Net Services, Inc. has a mix of TDM and SIP traffic on its network. The current status of **its** STIR/SHAKEN implementation is:

- ☐ My traffic is fully attested.
- ☐ My traffic is partially attested.
- ☒ None of my traffic is attested yet

Biz-Net Services, Inc. has fewer than 100,000 subscribers and is therefore eligible for the STIR/SHAKEN implementation exemption for small carriers under 47 CFR § 64.6304. The company requires this extension to complete the implementation of the STIR/SHAKEN technology. Biz-Net Services, Inc. is judiciously working to prevent unlawful robocalls from originating on its network while in the process of installing the new STIR/SHAKEN authentication architecture. In the meantime, Biz-Net Services, Inc. has implemented the following robocall mitigation plan to address unlawful robocall traffic:

Biz-Net Services, Inc. has enforceable terms of use and/or an acceptable use policy noted in its contracts. These policies define the circumstances by which the company will deny, suspend, or terminate service to a customer. Prior to installing services for new customers, the company takes the following measures to weed out end users that could potentially generate robocall traffic:

The Company confirms the following information for its customers:

- Customer's identity
- Customer's right to use the telephone number presented on calls
- Service Address
- Credit History

When the customer is a business, Biz-Net Services, Inc. also requires Business Incorporation Documents and verifies they have a reputation as a valid business that abides by the law.

Biz-Net Services, Inc. has established methods and procedures to monitor its network and detect / prevent fraudulent activity. The company uses call authentication, call labeling, and call blocking services to protect its networks and consumers from harmful calls. It also uses software to monitor its network's daily usage and has established methods and procedures in place to address issues as soon as they are identified.

Biz-Net Services, Inc. will comply fully with all conditions set forth in the FCC'S 2020 Report and Order mandating the implementation of the STIR/SHAKEN framework, as well as with the Commission's rules and policies more generally.

Biz-Net Services, Inc. has designated an individual as a dedicated point of contact for addressing traceback requests. It either has provided the ITG with the contact information and business hours for those individuals, or will do so upon receipt of the first request from the ITG. See <https://www.ustelecom.org/the-industry-traffic-group-itg/for-providers/>. Biz-Net Services, Inc. will respond promptly to inquiries from the Industry Traffic Group (ITG).

If a pattern of questionable activity is detected Biz-Net Services, Inc. will require its customer to remedy the problem and, if effective action is not taken, service to the customer may be suspended and/or terminated. Requests from the ITG must be submitted in writing and include the following information:
