

Robocall Mitigation Program Description

Mediatrix Digital, also dba We Adore Him, has software called We Adore Him which lets our customers correspond with their constituents via several automated phone calls, all of which are opt-in from the end user.

These phone calls originate from our service providers, Bandwidth and Twilio, who support the STIR/SHAKEN standards.

In the event that a complain is robocall complaint is made, we commit to respond fully and within 24 hours to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls.

Please direct any questions on this matter to Joel Stein, joel@mediatrix.digital, 314-201-3487.
