To Whom It May Concern:

We are making every effort to reduce and eliminate robocalls and/or unauthorized use of our networks. We exclusively use an upstream provider Bandwidth for all our originating traffic. It is publicly documented that they sign calls on behalf of their customers depending on if the phone number the call is originating from is held by them. All our systems are based on IP authentication. All of our traffic should fall under Full A or Partial B Attestation. This is how we are operating currently and we will continue to follow industry best practices.

Best,

Christopher Logan

Dear Taylor Phillips,

Write the body of your letter here. To update any of the letter's information, select the text, and start typing.

Want to change fonts? Go to the Home tab and choose Fonts. You can use a built-in font combination or select one of your own.

You can also change the colors of the template to match your personal taste. Go to the Design tab and choose a color palette from the Colors menu. Hovering over the different palettes will show you what your document would look like with the new palette.

To change the color or font formatting back to the original settings, go to the Design tab, and select the Theme menu. From there, choose the option to reset the original template theme.

Warm Regards,

Jordan Mitchell
CEO
