Re: **Mitigation Measures**

To whom it may concern,

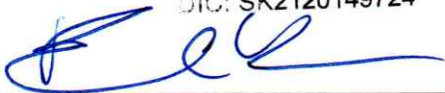

Emava s.r.o. has undertaken the following measures to mitigate robocalls on its network:

1. Precise customer selection by several significant and strict criteria
2. Precise monitoring and filtering of traffic to our voice network
3. Immediate blocking of customers sending fraudulent traffic
4. Prevention of receiving fraudulent and unwanted traffic by increasing rates

Emava development team together with our PBX provider team are constantly working on improving the tools that can help prevent any kind of fraudulent traffic trying to reach our network.

Sincerely,

Emava s.r.o.
