Robocall Mitigation

MR Systems Wireless, LLC provides voice services exclusively to residential and small business end users and has fewer than 100 voice subscriber lines.

MR Systems Wireless, LLC uses SIP termination/origination services of Talking Platforms, LLC that are fully compliant with required FCC guidelines including STIR/SHAKEN call attestation. MR Systems Wireless works closely with Talking Platforms to avoid fraudulent calls and to minimize the risk of robocallers. MR Systems Wireless does not allow auto-dialers or auto-dialing mechanisms for outbound calling or voice traffic. We are fully committed to investigating any and all complaints brought by governmental and regulatory entities, its customers, or any telephone user, relating to any unauthorized usage, including, but not limited to Robocalling.

MR Systems Wireless monitors for any complaints concerning our partners platform with Robocall or high usage call traffic.

MR Systems Wireless, LLC is fully committed to respond to all traceback requests from the Commission, law enforcement and certifies to help in cooperation with such entities in investigating and stopping any illegal robocallers that may use our services to originate or terminate calls.
