To Whom It May Concern:

Wired or Wireless is a VoIP re-seller and SkySwitch is our provider. We resell in the states of Washington and Idaho and do no International calling for resale. Because we are a small company we save money by filing our 499 reports in house, but we don't do any of the VoIP networking in house. We have spoken with SkySwitch, who we get our service for resale through and they have implemented everything necessary to comply with the Robocall Mitigation compliance.

Please let us know if you have any further questions.

Thank you,
