

20 June 2025

Certification of Compliance with 47 CFR § 64.6301(a)(1)-(2) and § 64.6305(a)

PBXFLEX INC certifies that it has fully implemented the STIR/SHAKEN call authentication framework across its entire network. All calls originated by PBXflex are compliant with the authentication requirements set forth in 47 CFR § 64.6301(a)(1) and (2).

PBXflex further certifies that all originated calls are subject to a robocall mitigation program consistent with 47 CFR § 64.6305(a). This program includes reasonable and proactive measures to prevent the origination of illegal robocall traffic. As part of our compliance efforts, PBXflex is committed to:

- Responding fully and within 24 hours to all traceback requests from the FCC, law enforcement, and the industry traceback consortium.
- Cooperating with all such entities in the investigation and mitigation of any illegal robocall activity that may involve our services.

PBXflex confirms that it has not had any prior certification removed by Commission action and has not been prohibited from submitting filings to the Robocall Mitigation Database.

For all traceback inquiries, please contact us at: **stir-shaken-requests@pbxflex.com**

This certification reflects PBXflex's ongoing commitment to upholding the integrity of telecommunications by actively combating illegal robocalls and ensuring full compliance with applicable federal requirements.
