

Introduction

OKG Tech LLC. ("OKG Tech") is committed to preventing robocalls. We have a Complete STIR/SHAKEN implementation through our provider.

Mitigating Robocall Origination

OKG Tech uses proactive measures to mitigate robocalls, including Know Your Customer requirements and real-time networking monitoring. Additionally, OKG Tech's Terms of Service prohibit fraud, scam, spam, robocalls, and other similar activities and use of any auto-dialer tools.

Call Monitoring

Outgoing calls are traceable to the originating customer for a period of time.

Tracebacks

OKG Tech is committed to complying with lawful traceback requests.
