Orange Fiber – Robocall Mitigation Plan

Orange Fiber commits to respond to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls. Some of the voice traffic that originates on its network is authenticated with STIR/SHAKEN, and the remainder of the voice traffic that originates on its network is subject to a robocall mitigation program.

The filer uses V Communication Services and Fractel, they provide attestation on all outbound calls.
