Partial STIR/SHAKEN Implementation –
Performing Robocall Mitigation.

- Senatel Ltd. actively monitors customers for typical traffic patterns and the NOC team is notified if call traffic is outside of normal operations.
- Senatel Ltd. provisions endpoints utilizing private IP's, which ensures that only authorized endpoints are available to customers.
- As part of Senatel Ltd. terms of service, auto-dialers are not permitted to connect to Senatel Ltd. infrastructure.

Sincerely,

Joseph Estephan
