To whom this may concern: OUR FRN number is 0033297722

In regards to the RoboCall mitigation, we are not a SIP Provider, we use a third party SIP provider for our customers that we resell.

As far as our security measures, our servers are locked down to specific IP addresses that either own or we have verified as our customer IP end point.

We will absolutely provide any information required within 24 hours of any law enforcement agency, the FCC and the Industry Traceback Consortium. We will give our full cooperation into any investigative matter from said Agencies in regards to mitigating Robocalls.
