

Dear Sirs,

Voissnet Cloud Services SPA has No STIR/SHAKEN Implementation – Performing Robocall Mitigation. We certify that it commits to respond to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls, and that none of the voice traffic that originates on its network is authenticated with STIR/SHAKEN, and that all of the voice traffic that originates on its network is subject to a robocall mitigation program.

We have developed our own systems and have committed to detect, avoid and prevent any fraud traffic.

Claudio López Véliz.  
Gerente de Desarrollo & Sistemas
