GV Telecomm LLC

GV Telecomm LLC is committed to cooperating with the Federal Communications Commission (FCC), law enforcement, and the industry traceback consortium in investigating and stopping any illegal robocallers that it learns are using our service to originate calls or transit calls into the United States and territories.

GV Telecomm LLC, nor any of our executives or principals have a history of enforcement actions for illegal robocalls, TCPA or TSR violations or related state law violations.

The Company is Option 2: Partial STIR/SHAKEN Implementation – Performing Robocall Mitigation. The filer certifies that it is a Non-Gateway Intermediate Provider Filing and for all US destined calls, it will partially implement Stir/Shaken implementation by contracting only with carriers that have implemented STIR/SHAKEN and agree to sign all US destined calls from filer with valid tokens provided by Certified Authorities. The filer certifies that it commits to respond to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use its service to originate calls.

No voice traffic originates on filer's network. Resold intermediate voice traffic destined for the US will be identified and treated with STIR/SHAKEN authentication, so all of the resold voice traffic from filer that terminates to the US will be subject to a robocall mitigation program.
