

GTDIAL DATA SOLUTIONS, LLC.

ROBOCALL MITIGATION PLAN

GTdial Data Solutions, LLC is an interconnected voice service provider, and I.T. solutions that cater small to medium customers.

-STIR/SHAKEN

GTdial, is registered with STI-PA and fully implemented the STIR/SHAKEN authentication in the entire network and follow the guidelines and best practices. All the voice traffic that originates on our network is subject to our caller-id whitelisting process.

-ROBOCALL MITIGATION

All calls are filtered by our class 5 switch to which has the capabilities to identify calling patterns like robocalls. Our system is equipped and designed to a lot of features to combat robocall / illegal calls. We have dedicated team who are proactively monitoring all traffic to identify all suspicious calls and shutdown immediately.

-TRACEBACK

We promptly respond to call traceback requests from the commission, law enforcement and industry traceback consortium and cooperate with such entities in investigating and stopping any illegal robocallers.

-KNOW YOUR CUSTOMER

Our onboarding and KYC process ensures an agreement is in place which identifies the signing parties and vetting their legitimacy.
