STEPS TAKEN BY SAVERS HUB SOLUTION TO PREVENT ILLEGAL ROBOCALLS FROM ORIGINATING FROM ITS PLATFORM

Customer Documentation

SAVERS HUB SOLUTION collects proof of identity & address while on-boarding a customer. Have specific agreements with the customer explaining the platform usage terms.

Illegal Robocall Mitigation:

We use several data analytics methods to detect illegal robo-calling patterns such as short but intense

calling period, calls of similar length. High volume call termination to particular destination from a single or series CLI

Suspicious cases we request the carrier to verify the calling numbers and partially block & approach the carrier for resolution.

Industry cooperation:

We fully cooperate in industry trace back efforts and law enforcement requests.
