Affirmative, Effective Measures to Prevent New and Renewing Customers from Originating Illegal Calls

Phone Guys LLC has a "know-your-customer" policy through which we exercise due diligence in ensuring that our services are not used to originate illegal traffic.

As part of its onboarding process for business customers, Phone Guys LLC undertakes various commercially reasonable precautions before entering into a formal written agreement. All prospective business customers participate in an in-person or telephonic enrollment/contract process. In addition, Phone Guys LLC investigates the prospective business customer's background, taking steps such as checking for a company website, determining how long the business has been operating, and confirming their corporate status with the applicable State Secretary of State's office or website, along with other indications of a legal, operating business. Phone Guys LLC collects and as needed, verifies the following data on prospective business customers as part of its investigatory process:

- Physical business location
- Contact person(s)
- State or country of incorporation
- Federal tax ID number
- General nature of the business

In addition, if Phone Guys LLC were to receive a request for high-volume origination services, it would exercise caution and extensively investigate such customers before granting access to the services.

Furthermore, Phone Guys LLC has an Acceptable Use Policy which contains provisions that allow us to suspend or terminate the services of a customer engaged in illegal robocalling or otherwise abusing our services.
