

1. Title: Robocall Mitigation Plan for The Chugwater Telephone Company
2. Description: A plan for robocall mitigation.
3. Author(s): Josh Black, David Ellis, Josh Jaynes, Ray Doraisamy
4. Reviewer(s): Lesha Thorvaldson, Brooke Rochelle, Kyle Ridgeway
5. Version History:

Version	Date	Author	Change
1	2-24-2024	JJ, DE, JB	Created the document.
2	2-25-2024	JJ, JB	Incorporated initial draft revisions throughout.
3	2-26-2024	JJ,JB	Updated Contact Information.
4	6-05-2025		Updated to indicate compliance with STIR/SHAKEN
5	2-27-2026	RD	Updated management & control list.

6. Certification of Compliance

1. The Chugwater Telephone Company ("Chugwater Telephone"), a wholly owned subsidiary of Mountain West Technologies Corporation ("Mountain West"), has developed and implemented a Robocall Mitigation Plan consistent with all requirements set forth by the Federal Communications Commission ("FCC"). This includes cooperating with the Federal Communications Commission ("FCC"), law enforcement, and the Industry Traceback Group ("ITG").

Any references to actions or processes by Chugwater Telephone in this document, may be performed by its parent company, Mountain West.

7. Implementation of STIR/SHAKEN.

1. Chugwater has fully implemented STIR/SHAKEN across its entire network and all on its network are compliant with 47 C.F.R. § 64.6301(a)(1-3).
2. Chugwater's wholesale VoIP provider, Atheral LLC, uses TransNexus's ClearIP solution to monitor our origination voice traffic in real time to prevent the origination of illegal robocalls. The software provides detailed reporting identifying suspected illegal robocalls and alerts Atheral LLC if we originate any calls where the calling number is invalid, unallocated, on a Do Not Originate list, in the FCC consumer complaint database or has a poor reputation. Atheral will immediately ask Chugwater to investigate any identified calls to determine if the caller was attempting to originate unlawful robocalls. If Mountain West or Atheral LLC determine that the caller was attempting to originate unlawful robocalls, then we either warn them to stop or terminate their service as based on our AUP.

8. Tracebacks.

1. Chugwater Telephone will respond fully, within 24 hours, to all lawful traceback requests it receives from the FCC, law enforcement, and the ITG. Chugwater Telephone will cooperate with these entities in investigating and stopping illegal robocallers that use service to originate, carry, or process illegal robocalls.

Chugwater Telephone's single point of contact for traceback requests is as follows:

Kyle Ridgeway

CEO

Mountain West Technologies Corporation

851 Werner Ct, Suite 100
