Robocall Mitigation Program

Updated 4/12/2024

1. Chatty Professional Texting does not provide a voice telephony service to its end users. Only text messaging capabilities are provided.

2. Chatty ProfessionalTexting provides the specific, unique access to its telephony services to its end users. ChattyProfessionalTexting prevents all other accesses and uses, and all other tools including other automation.

3. No voice calls can originate on the Chatty Professional Texting network, therefore all of the calls that it originates on its network are subject to a robocall mitigation program consistent with 47 CFR § 64.6305(a).

3.1. The plan includes reasonable steps to avoid originating illegal robocall traffic by preventing any voice calls from originating on its network.

3.2 Chatty Professional Texting commits to responding fully and within 24 hours to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperating with such entities in investigating and stopping any illegal robocallers that use its service to originate calls.

3.3 Chatty Professional Texting also certifies that any prior certification has not been removed by Commission action and it has not been prohibited from filing in the Robocall Mitigation Database by the Commission, and that it has fully implemented the STIR/SHAKEN authentication framework across its entire network and all calls it originates are compliant with 47 CFR § 64.6301(a)(1) and (2).
