

Insight Digital Robocall mitigation plan.

- 1) Robocalls of ANY kind are strictly prohibited on Insight Digital networks and will result in immediate termination of any client using them.
- 2) Insight Digital only works with local clients and therefore knows each client and how they plan to use our voip services.
- 3) Insight Digital will cooperate fully with FCC investigators if any client is suspected of Robocalling of any kind (legal or illegal) within 24 hours of a request.
