

Dear Sirs,

NET VOISS SAC has specific clients previously identified with whom it has been working for several years. The data of each of them is registered, such as: Name, DNI/RUC, RUC card, certified address, valid address and other additional data.

The client must review the terms and conditions provided by NET VOISS SAC, giving knowledge of the good practices that must be followed.

NET VOISS SAC will respond to the tracking requests of the commission, the authorities and the industry tracking consortium, and will cooperate with said entities to investigate and stop the authors of illegal automatic calls that use its service to make calls.
