Mitigation Measures:

MedTech Consulting has implemented the following measures to mitigate robocalls:

1. **Caller ID Authentication:**
 - We utilize STIR/SHAKEN protocols to ensure caller ID authentication and protect against spoofed calls.
2. **Blocking Procedures:**
 - We have established procedures to identify and block unwanted or illegal calls, utilizing call-blocking technology and monitoring call patterns.

3. **Staff Training:**

- Only employees working on our telecom systems receive training on compliance with robocall regulations, including procedures for handling unwanted calls and reporting suspicious activity.

4. **Customer Reporting Mechanism:**

- We provide our customers with a dedicated reporting mechanism to report unwanted or suspicious calls, ensuring that we can address these issues promptly.
