

HOUSEJET Robocall Mitigation Program

- HOUSEJET is a SAAS company that works in the real estate industry in the US.
- HOUSEJET customers only get access to texting and call features after agreeing to our terms which includes language to prevent spamming via phone or text message.
- HOUSEJET products don't offer a way for users to make calls without human interaction.
- HOUSEJET products don't offer a way for users to play recordings on calls.
- HOUSEJET products limit how frequently users can call or text a prospect.
