Telephone Systems OU Robocall Mitigation Plan

Telephone Systems OU provides 2 types of services to its customers:

- call forwarding services where Telephone Systems provides the customer with a phone number (toll free or local DID) anywhere in the world and allows the customer to terminate the calls anywhere in the world
- outbound calling service using the call forwarding numbers provided by Telephone Systems as the caller ID. Which prevents the use of wrong or incorrect caller ID for outbound calls.

We hereby commit to respond to all traceback requests from the Commission, law enforcement, and the industry traceback consortium, and to cooperate with such entities in investigating and stopping any illegal robocallers that use Telephone Systems service to originate calls, and that none of the voice traffic that originates on its network is authenticated with STIR/SHAKEN, and that all the voice traffic that originates from Telephone Systems network is subject to a robocall mitigation program.

Here are our reasonable steps that we have taken to avoid originating illegal robocall traffic as part of our robocall mitigation program

1. Our clients fill out the registration form and agree to the User Agreement. They also provide contact information in accordance with the know your customer policy.
2. 2. We control the voice traffic passing our networks, therefore can also block unwanted or unlawful traffic

Part of User Agreement

2.3.4 Ensure that Services will not be used for illegal purposes, including transmission of information or offering services that are considered illegal, harmful to third parties, potentially dangerous, defamatory or services that in any way violate copyrights, intellectual property rights, violate the rights of trademarks, represent pornographic or any other materials that could lead to a crime in one way or another.

2.3.8 The Client shall ensure that he has all necessary permits and other documents for services provided by the Contractor, including those provided to end-users of this service. The Client bears all responsibility for the content, quality and provision of services, as well as for compliance of these services with the legislation and this Offer. The Contractor may demand compensation from the Client for all penalties, claims or other administrative expenses related to the violation of local legislation (legislative and regulatory acts) or laws that may enter into force. The Contractor shall not be liable for these obligations.

2.3.9 By agreeing to these terms, the Client explicitly states that he has already attested within his own jurisdiction that the use of Services of the Contractor is authorized by law. In case of violation of the laws of own jurisdiction, the Client assumes all responsibility and incurs all costs, (including reasonable attorneys' fees), the Contractor shall not bear any responsibility for violation by the Client of the laws of own jurisdiction.
